# Why a Meeting on Weather and Climate Extremes?

*Imperative to accelerate advances in detecting, understanding, explaining, and predicting weather and climate extremes.*

*Broomfield, CO: August 2010  
NOAA ESRL/PSD*

*Oxford, England: September 2012  
ECI; Oxford University*

# Meeting Format

**“A motion has been made and seconded that this be one of those meetings where nothing actually gets done.”**

# *Meeting Format*

# *Meeting Outcome*

**Say nothing, do nothing, and hope  
it blows over before our next meeting**
